We are anticipating that she will not be in school at all this week. We are sure you would like to join us in our prayers and wish her a speedy recovery.

Home Access Project

This is a government initiative to provide access to the internet for all children. If you have a child aged between 7 - 14 and earn under £16,000 per annum then you may be eligible for a free computer with internet access. Tel 03332001004 to find out more.

Christmas Production

Our Christmas Production is available on DVD. If you are interested in purchasing a copy, please come into the office and we will give you the web browser and password. We have had DVD's done of the last two Christmas Productions and they have proved very popular.

Winter Safety

The forecast for this week is for a bit more snow. We would just like to remind you to be extra careful on untreated roads. The lane off the big roundabout leading to school does not usually get gritted, therefore the snow and ice can become a bit of a

problem. Please take extra care.

Here are just a few reminders as to our policy if bad weather or snow occurs.

- . Children are only allowed to play out in the snow if they have appropriate warm clothing.

- . Children are only allowed to play out in the snow if they have Wellingtons (not boots, old shoes or trainers).

- . If the weather gets bad enough to warrant closing the school, there will be announcements on Wire FM (107.2fm), HBC website or the school website.

Hopefully this situation will not arise - however, it is better to be safe than sorry.
